Town of Sandwich, MA- COVID 19 Command Team needs your help! The Annual Town and Special State Election are both scheduled for May 19, 2020. While the Town Clerk and our team has preparations underway to make this election as safe as possible for our employees and the public, the most responsible thing you can do is to vote through the mail. Recently enacted emergency regulations now allow for early voting for both elections.

Early Vote Applications can be found on the Town Clerk's portion of the Town's website, www.sandwichmass.org or by clicking the links below.

[Annual Town Election Early Vote Application](#)

You can mail your applications to 145 Main Street, Sandwich, MA 02563, drop them off using the lockbox in front of the Annex or email townclerk@sandwichmass.org. Upon receipt of the applications the Town Clerk's Office will mail early voting ballots to voters. **Please note that no in-person early voting is available.**

Town Clerk, Taylor White said that, "As of today, 1/3 of those that generally vote in our local election have already cast ballots, but time is running out! We encourage voters to submit their applications soon. If you have any questions regarding early voting may contact me or my staff at the Office of the Town Clerk at (508) 888-0340. Thank you for voting!"

You can also help our essential employees and our community by voting through the mail, continued social distancing, covering your face when in public, and maintaining good hygiene practices.

Please Act Responsibly, Stay Safe, and Stay Home
